

Piggy Bank

A Family Learning Model to Promote Financial Literacy

Dime a Dozen

Adventures of the Financial Warriors

Comic 2 - May - Where does money come from?

I'm Penny and this is my brother Cash

With the help of heroes Marc, Rupee and Lira, we're going to learn about money!

I'm Marc!

I'm Lira!

I'm Rupee!

We've come to explain to you where money comes from.

Hello Marc and Lira!

Notes and coins are produced in a currency house called a mint.

Money is managed by banks and governments. Most of the time, money is stored in banks. People can access their money using chip and pin cards.

With the chip card, you can see how much money you have. You can also use the card to take money from your account or buy things online.

Thank you Marc and Lira! Now I know where money comes from.

A Penny saved today, means plenty of Cash for the future!

Tips for Parents

Get the whole family involved with just a few easy steps:

- **Demonstrate:** Demonstrate and explain to children your daily practices in the use of cash or bank card.
- **Provide opportunities:** Let your children go with you to the shops or online shopping and let them, under your supervision, calculate the cost.
- **Develop understanding:** Show children the different physical forms of money and explain its equivalent value.
- **Discuss:** Explain to children where money is calculated and where it is made.

You could show children the different notes and coins that are made in different countries around the world.

Fun Activity for Younger Learners

In this credit card there are €1275. How many banknotes and coins are €1275? There are a lot of possibilities.

BANKNOTES		COINS	
500	 <input type="text"/>	2	<input type="text"/>
200	 <input type="text"/>	1	<input type="text"/>
100	 <input type="text"/>	0,50	<input type="text"/>
50	 <input type="text"/>	0,20	<input type="text"/>
20	 <input type="text"/>	0,10	<input type="text"/>
10	 <input type="text"/>	0,05	<input type="text"/>
5	 <input type="text"/>
