and Lira, we're going
to learn about
money!

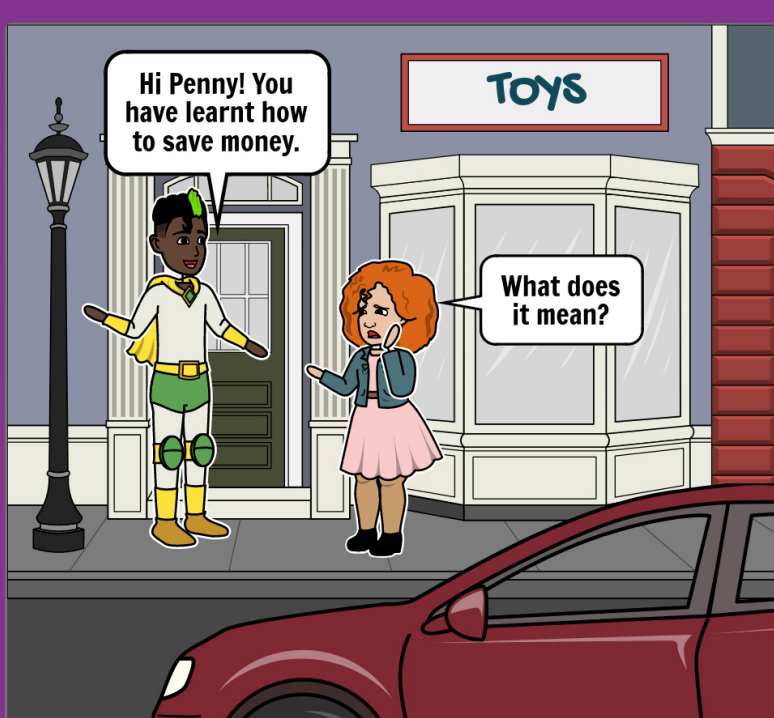

I'm Marc!

I'm Lira!

I'm Rupee!

Hi Penny! You have learnt how to save money.

TOYS

What does it mean?

TOYS

It means that before you spent your money, you have taken time to think about the future and saved it instead.

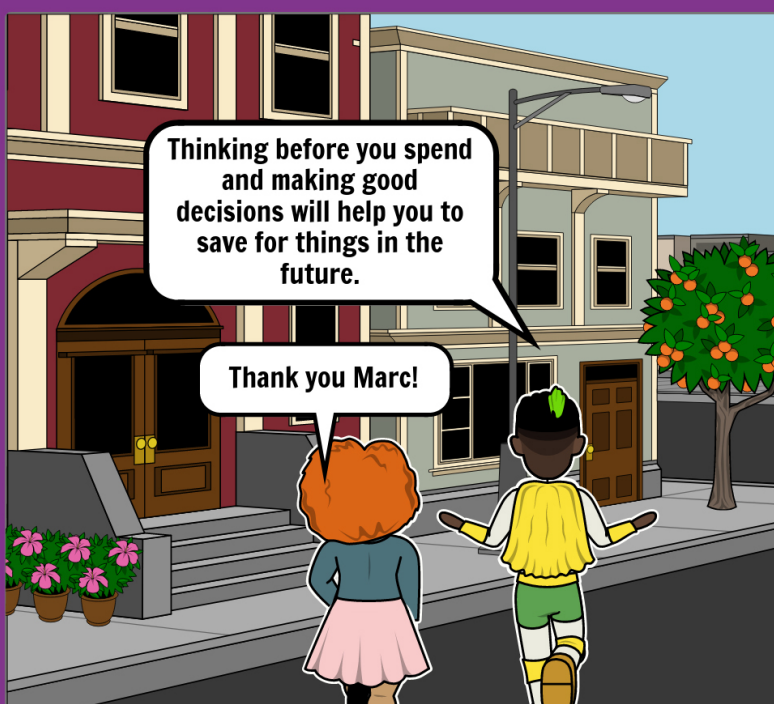

Saving can sometimes be difficult. You must be strong willed and be aware of spending on a whim. Even a small amount saved can help.

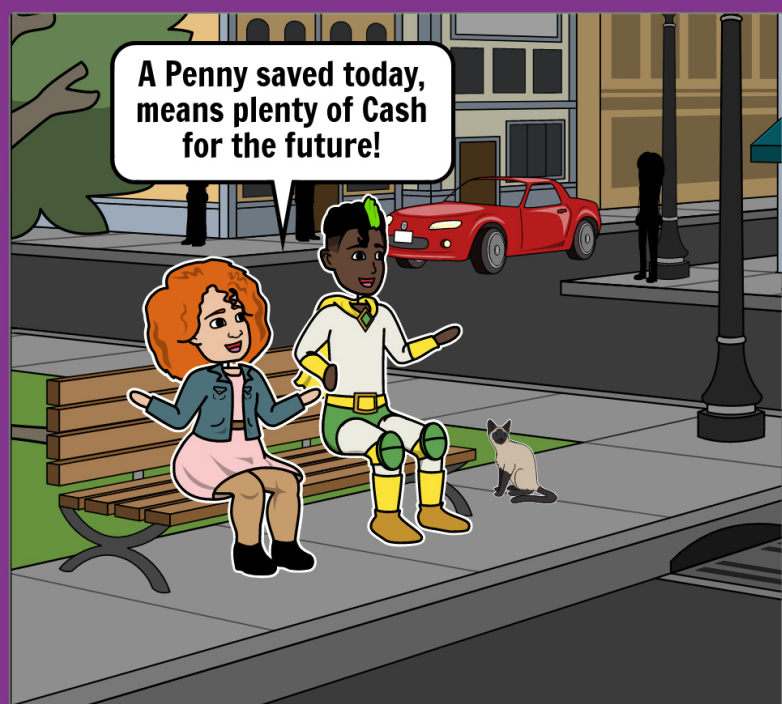

I'm not going to buy the castle and I'm going to keep doing chores at home. I'll save it all for my holidays.

Great!

Thinking before you spend and making good decisions will help you to save for things in the future.

Thank you Marc!

A Penny saved today, means plenty of Cash for the future!

Tips for Parents

Get the whole family involved with just a few easy steps:

- **Demonstrate:** Show children that you can have extra money in your wallet that you don't need to spend. You are saving this money for later.
- **Develop understanding:** Explain to children what it means to save money and what you can achieve by saving.
- **Provide opportunities:** offer your children the chance to do household chores for regular maintenance, in exchange for a tip to start getting money for a well done job .
- **Discuss:** Explain and reflect with your children on the effort involved in saving. Explain that deciding not to spend money on something you want but don't need is difficult but saving money for something in the future is the safest and smartest thing to do.
